

POWERED BY  
**CommUnity**

Sangoma CommUnity unifies all your communication — voice, video, messaging, collaboration, conferencing, meetings and call center — on one platform that’s easy to use and simple to run. And we put it in the cloud, so that your team can collaborate from any device, anywhere — office, home or on the go!

## Communicate Smarter

CommUnity is designed to meet your business communications needs today and tomorrow. CommUnity scales easily as your business grows, always works when you need it and gives your team the latest functionality at their fingertips.

### Get More Done

With all communications channels in one place, you can streamline teamwork and improve productivity.

### Work Anywhere

Your team can access CommUnity from any internet-enabled device to work from home or on the go.

### Expand Easily

CommUnity expands as your business grows — whether you’re adding hundreds of users or one.

### Cut Your Costs

No need to buy another phone system when you can pay as you go with predictable monthly rates.

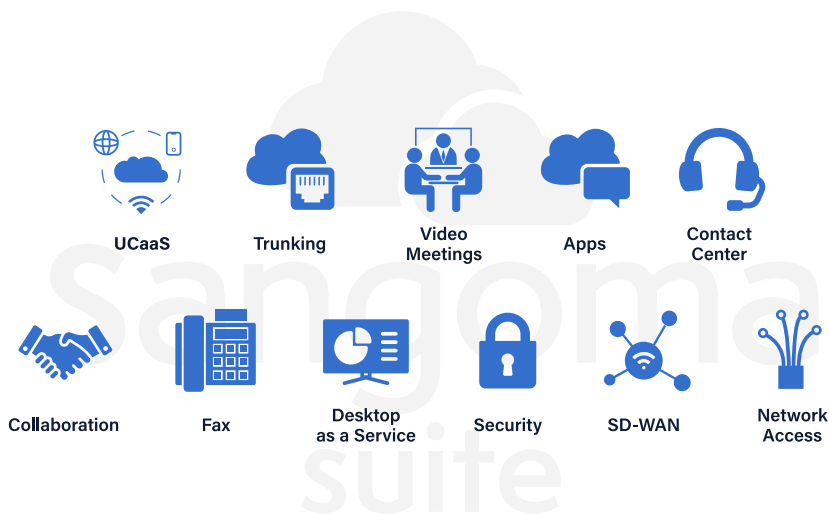

### Control Your System

Instantly set or change call handling preferences using our intuitive web-based admin portal.

### Offload Upkeep

We automatically maintain and upgrade our platform/ applications, so you’re always up to date.

# Communicate Your Way

Take control of your business communications with Sangoma. With flexible pricing, discounts on multiple as-a-service products, and innovative features- you can pick the bundle that is right for your business and receive discounts on other services to round out your communications ecosystem!
