

# Achieve 100% Error-free Fax-over-Internet Using Sangoma's Fax-over-IP Solution, FAXStation!

## FAXSTATION

- ◉ Most reliable IP fax solution on the market
- ◉ Up to 4 fax machines supported per gateway appliance
- ◉ Low cost monthly service for inbound & outbound faxing along with a DID
- ◉ 256 bit security encryption

### Manage Faxes Online

FAXStation gives you the ability to set up incoming fax-to-email, view and archive all incoming/outgoing faxes, resend existing faxes, and upload documents to fax out. Equipped with customizable access controls, FAXStation is perfect for organizations with many users.

### Plug-and-Play

The FAXStation appliance comes pre-provisioned and pre-programmed—no need to open rewalls, port forward or set up proxies. Choose your fax number, plug your fax machine into the on-premise FAXStation gateway appliance and start faxing right away.

### Ideal for Low Bandwidth Connections

FAXStation is the pioneer in providing reliable fax service to the SatCOM markets. Our solution is being used by nearly all major satellite carriers, with a specific concentration in the offshore oil and gas industries.

### Re-use Existing Fax Machines

Use your fax machine for traditional fax services or efax functionality, such as fax to email! FAXStation is compatible with virtually all fax machine vendors—so there's no need to change your equipment.

### Advanced Store & Forward Technology

Equipped with the most reliable fax transmission technology (More reliable than T.38), FAXStation performs end-to-end error correction to guarantee transmission.

### Reliable & Secure

FAXStation has undergone all of the necessary HIPAA-Compliance testing and risk assessment to ensure confidentiality and integrity of your data.

Sangoma's FAXStation Fax-over-IP Solution is the most reliable, best performing, analog-to-analog fax service on the market. Its as easy as choosing a fax number, plugging in your fax machine into the on-premise appliance and letting our service take it the rest of the way. Stop worrying about failed faxes; get rid of your T.38 fax setup and guarantee your faxes with FAXStation service by Sangoma!
