In these Terms and Conditions, "you" and "your" mean the subscriber of the Star2Star Services, and "Star2Star," "we," "our," and "us" mean Star2Star Communications, LLC and any of its affiliates and representatives. BY EXECUTING STAR2STAR'S PROPOSAL AND QUOTATION ("SUBSCRIPTION AGREEMENT") AND/OR USING STAR2STAR'S SERVICES, YOU WILL HAVE AGREED TO ALL OF THESE TERMS AND CONDITIONS, INCLUDING THOSE TERMS RELATING TO 911 EMERGENCY SERVICE, AND TO THE PRICES AND CHARGES PROMULGATED BY STAR2STAR FROM TIME TO TIME, ALL OF WHICH ARE INCORPORATED HEREIN BY REFERENCE.

USE OF THE SERVICES IS VOID WHERE PROHIBITED BY APPLICABLE LAW.

SERVICE DESCRIPTION

Star2Star provides enhanced communication Voice Services whereby voice and data communications are converted to Internet Protocol ("IP") and carried, in part, over high-speed Internet access. The voice component of the service may be generically referred to as "Voice over Internet Protocol" or "Voice over IP" ("VOIP"). It is separate and distinct from standard traditional landline local, local toll and long-distance services. Star2Star Services include Voice over IP unlimited local and nationwide direct-dialed calling within the United States and certain calling and call management features or advanced features associated with the service, including additional features or advanced features which Star2Star, in its sole discretion, may add, modify, or delete from time to time.

Star2Star provides Video Conferencing through Sangoma US Inc.’s “Sangoma Meet” which includes various video conferencing, web conferencing, webinar, meeting room, screen sharing and/or other collaborative video meetings wherein participants can join and collaborate using voice, video, chat functionality, recording, and screen sharing functions. Subscribers utilizing Sangoma Meet through Star2Star consent and agree to the Sangoma Meet Terms of Service found at https://cdn.sangoma.com/wp-content/uploads/SangomaMeetTermsofService.pdf.
Star2Star provides Connected Workspace whereby Subscribers’ computing resources; desktop (listed as Connected or Personal Connected Desktop(s)), line-of-business applications (listed as Application Servers in order), Microsoft® Office 365 (E1, E3, E5, and any additional Microsoft® add-on services as listed in order), and data storage (listed as additional data storage) are managed and maintained for Subscriber’s end-user(s). Subscribers’ end-user(s) participate in this solution through a web-based portal which connects the user(s) to their desktop using various standard remote computing protocols.

Star2Star provides Team Hub, which includes among other services, channel and direct over the internet messaging (“Chat Messaging”), video conferencing, file sharing, contact management, task management, notes management, third party call control voice service, and fax service.

Star2Star provides a cloud-based wireless access control as a service product through Sangoma US Inc.’s SmartOffice™. Subscribers utilizing SmartOffice will be required to purchase a SmartOffice Server and a SmartOffice Gateway Kit and download the SmartOffice application which will require consenting and agreeing to the Terms of Service at the time of download.

Star2Star Services do not support 0+ calling (including without limitation collect, third party billing or calling card calling). Star2Star Services do not support international Multimedia Messaging Service (“MMS”). MMS and Short Message Service (“SMS”) (along with Chat Messaging and email collectively, “Messaging”) does not provide any audio and/or voice capabilities and/or features. Star2Star’s Service may not support 900, 311, 511 and/or other x11 services (other than 911 and 411, which are provided for elsewhere in these Terms and Conditions) in one or more (or all) service areas.

You acknowledge and understand that Star2Star Services are not a telephone service. Important distinctions (some, but not necessarily all, of which are described in these Terms and Conditions) exist between telephone service and the service provided by Star2Star. Star2Star Services are not subject to the same regulatory regime as traditional telephone services. This fact may limit or otherwise affect your rights of redress before federal, state or local telecommunications regulatory agencies.

You acknowledge and agree that Messaging interoperability is an evolving standard. Messages are exchanged between service providers on a best efforts basis, and Star2Star does not guarantee delivery.

Content Standards are found in Star2Star’s Terms of Use.

**SERVICE REQUIREMENTS**

Star2Star Services may require (a) specialized subscriber site equipment called On-Premise Equipment ("OPE," "Device" or "Star2Star Equipment") obtained through Star2Star or its authorized dealers that allows connectivity from a VOIP telephone handset (provided by Star2Star) to your broadband connection and which Star2Star will install on your premises; and (b) a broadband connection to the Internet (T1, DSL, Fiber-optic, Wi-Max or Cable) with at least 768Kbps continuous upload capacity that you will provide at your own expense. Since Video

Meetings and Voice over IP are dependent on the broadband connection, the availability of an adequate power supply and correct OPE configuration, Star2Star does not guarantee that the Star2Star Services will be continuous or error-free. In addition, Star2Star Services may, from time to time, be interrupted for equipment, network, or facility upgrades or modifications.

Changes in Internet speed may affect voice and/or video quality and/or require different Star2Star Equipment and Star2Star Services. If optimal Star2Star Equipment is not in use at your location based on your network and facility conditions, including changes for any reason, you may need to upgrade Star2Star Equipment, specifically the StarBox® Voice Optimized SD-WAN (“StarBox®”) to optimize services and voice quality. An upgrade in Star2Star Equipment will not be considered replacement of a Covered Component, and you will be required to cover the cost of such an upgrade. You acknowledge and agree that service requirements, which may be changed from time to time, are your responsibility.

**STAR2STAR 911 EMERGENCY SERVICE**

Please read the information below about 911 emergency service carefully. By using Star2Star's services, you acknowledge and agree to all of the information below regarding the Star2Star 911 emergency service, and the distinctions between such service and traditional 911 or enhanced 911 ("e911") calls. Sangoma CX service does not support e911.

You acknowledge and understand that Star2Star offers a 911 emergency service as described herein and that such 911 dialing is different in a number of important ways (some, but not necessarily all, of which are described in these terms and conditions) from traditional 911 service, and that we have told you that Star2Star services do not support traditional 911 or e911. Star2Star 911 emergency service cannot be used in conjunction with a softphone application and is only available on Star2Star-provided devices or equipment. You agree to inform all employees, independent contractors, guests, visitors and other third persons who may be present at the physical location where you utilize Star2Star Services of the non-availability of traditional 911 or e911 dialing, or “text-to-911” from your Star2Star services and device(s) and to inform them of the important differences and limitations of Star2Star 911 emergency service as compared with traditional 911 or e911 dialing that are set forth in these terms and conditions.

**911-TYPE DIALING CAPABILITIES WITH STAR2STAR SERVICES**

When you dial 911 on your phone utilizing Star2Star's voice service, your call may be routed to a different dispatcher from that used for traditional 911 dialing. The dispatcher may be located at a public safety answering point ("PSAP") designated for the address you listed at the time you registered for the service or other backup emergency answering services. Star2Star relies on third parties for
THE FORWARDING OF INFORMATION UNDERLYING SUCH ROUTING, AND, ACCORDINGLY, STAR2STAR AND ITS THIRD PARTY PROVIDER(S) DISCLAIM ANY AND ALL LIABILITY OR RESPONSIBILITY IN THE EVENT SUCH INFORMATION OR ROUTING IS INCORRECT. IN ADDITION, STAR2STAR'S 911 EMERGENCY SERVICE HAS FEWER CAPABILITIES THAN TRADITIONAL 911 OR e911 SERVICE AS FOLLOWS:

STAR2STAR 911 EMERGENCY SERVICE IS AVAILABLE ONLY AT THE PHYSICAL STREET ADDRESS REGISTERED WITH STAR2STAR FOR THE PARTICULAR AREA CODE AND PHONE NUMBER AND MAY NOT BE AVAILABLE AT ALL FOR PHONES THAT MOVE FROM LOCATION TO LOCATION.

YOU ACKNOWLEDGE AND AGREE THAT STAR2STAR’S 911 EMERGENCY SERVICE WILL BE AVAILABLE ONLY AT THE PHYSICAL ADDRESS ASSOCIATED WITH THE PARTICULAR AREA CODE AND PHONE NUMBER ASSIGNED TO YOU. YOU ALSO ACKNOWLEDGE AND AGREE THAT STAR2STAR’S 911 EMERGENCY SERVICE WILL NOT BE AVAILABLE TO YOU IF THE NUMBER ON THE HANDSET IS BLOCKED. YOU FURTHER ACKNOWLEDGE AND AGREE THAT STAR2STAR’S EMERGENCY SERVICE WILL NOT BE AVAILABLE TO A PARTICULAR CUSTOMER AND NEITHER STAR2STAR NOR ITS UNDERLYING SERVICE PROVIDERS SHALL HAVE ANY LIABILITY TO YOU OR ANY OTHER THIRD PARTY FOR FAILURE TO PROVIDE 911 SERVICES TO YOU IN THE EVENT OF THE ASSIGNMENT OF AN AREA CODE AND PHONE NUMBER TO YOU LOCATED OUTSIDE OF THE EXCHANGE AREA ASSOCIATED WITH YOUR PHYSICAL STREET ADDRESS OR RELOCATION OF THE TELEPHONE DEVICE TO WHICH AN AREA CODE AND PHONE NUMBER HAS BEEN ASSIGNED TO A LOCATION OTHER THAN YOUR PHYSICAL STREET ADDRESS AS REGISTERED WITH STAR2STAR. STAR2STAR MAY ASSESS A FEE FOR INCORRECT IDENTIFICATION OF STREET ADDRESS AND/OR MISCONFIGURED SERVICES WHICH RESULT FROM SUCH MISIDENTIFICATION.

FAILURE TO DESIGNATE THE CORRECT PHYSICAL STREET ADDRESS
IF YOU DO NOT CORRECTLY IDENTIFY THE ACTUAL CURRENT AND CORRECT PHYSICAL STREET ADDRESS LOCATION WHERE YOUR STAR2STAR EQUIPMENT WILL BE LOCATED AT THE TIME YOU REGISTER FOR STAR2STAR EMERGENCY SERVICE, 911 COMMUNICATIONS MAY BE MISDIRECTED TO AN INCORRECT LOCAL EMERGENCY SERVICE PROVIDER.

When activating Star2Star Services, you must provide the actual physical street address where the device will be located, not a post office box, mail drop or similar address. You acknowledge and understand that Star2Star's Emergency Service does not function properly or at all if you move or otherwise change the physical location of your Star2Star Device to a different street address. Any change of the device's physical address must be coordinated with Star2Star for the service and 911 to work properly.

AUTOMATED NUMBER & LOCATION IDENTIFICATION
THE PSAP RECEIVING STAR2STAR 911 EMERGENCY SERVICE CALLS MAY NOT BE
ABLE TO CAPTURE AND/OR RETAIN AUTOMATIC NUMBER OR LOCATION
INFORMATION.

Star2Star's system is configured in most instances to send the automated number identification
information and to transmit identification of the address that you have registered with Star2Star to
the PSAP and local emergency personnel for your area when you dial 911; however, one or more
telephone companies, not Star2Star, route the traffic to the PSAP and the PSAP itself must be able
to receive the information and pass it along properly, and PSAPs are not yet always technically
capable of doing so. You acknowledge and understand that PSAP and emergency personnel may
or may not be able to identify your phone number and location in order to call you back if the call
is unable to be completed, is dropped or disconnected, or if you are unable to speak to tell them
your phone number and location and/or if the service is not operational for any reason, including
without limitation those listed elsewhere in these Terms and Conditions.

POWER FAILURE, OUTAGES OR DISRUPTIONS OF SERVICE
YOU ACKNOWLEDGE AND AGREE THAT STAR2STAR 911 EMERGENCY SERVICE
WILL NOT FUNCTION IF YOUR OPE FAILS OR IS NOT CONFIGURED CORRECTLY OR
IF YOUR STAR2STAR SERVICES ARE NOT FUNCTIONING FOR ANY REASON,
INCLUDING, BUT NOT LIMITED TO, IN THE EVENT OF A POWER OUTAGE,
BROADBAND SERVICE OUTAGE, OR SUSPENSION OR DISCONNECTION INCLUDING
SUSPENSION OR TERMINATION OF SERVICE BY YOUR BROADBAND PROVIDER
AND/OR ISP OR BY STAR2STAR FOR ANY REASON INCLUDING BILLING ISSUES OR
FOR OTHER REASONS DESCRIBED ELSEWHERE IN THESE TERMS AND
CONDITIONS. IF THERE IS A POWER OUTAGE, THE STAR2STAR SERVICES AND 911
EMERGENCY SERVICE WILL NOT FUNCTION UNTIL POWER IS RESTORED AND YOU
MAY BE REQUIRED TO RESET OR RECONFIGURE THE STAR2STAR EQUIPMENT
PRIOR TO BEING ABLE TO USE YOUR STAR2STAR SERVICE, INCLUDING FOR 911
PURPOSES.

POSSIBILITY OF NETWORK CONGESTION AND/OR REDUCED SPEED FOR
ROUTING OR ANSWERING 911
YOU ACKNOWLEDGE AND UNDERSTAND THAT FOR TECHNICAL REASONS
ASSOCIATED WITH THE POSSIBILITY OF NETWORK CONGESTION, WITH
STAR2STAR SERVICES, THERE IS A GREATER POSSIBILITY THAT YOUR 911 CALL
WILL PRODUCE A BUSY SIGNAL OR WILL EXPERIENCE UNEXPECTED ANSWERING
WAIT TIMES AND/OR TAKE LONGER TO ANSWER, AS COMPARED TO TRADITIONAL
911 CALLS OVER TRADITIONAL PUBLIC TELEPHONE NETWORKS.

You acknowledge and accept that Star2Star relies on third parties for the forwarding of information
underlying such routing, and, accordingly, Star2Star and its third party providers disclaim any and
all liability or responsibility in the event such information or routing is incorrect.

FAILOVER SERVICES
1. Star2Star offers failover services through the use of third-party wireless 4G LTE
carriers. This service is designed for failover purposes only and is not to be used as the
primary data circuit. Due to the nature of 4G LTE wireless communications, there are limitations on the number of simultaneous calls that can occur when the service is activated. That number is based on factors outside of Star2Star’s control, such as the location of the 4G LTE hardware (“4G Hardware”), the strength of signal and amount of voice/data traffic at the time of failover. As a result, Star2Star does not provide any warranty or guaranty on wireless 4G LTE failover service, nor is the 4G Hardware included as a Covered Component. Also, the 4G Hardware does not function without power; Star2Star recommends that it be installed with a backup power supply; and

2. Failover services are offered in plans. In the event of failover(s) where Subscriber’s data usage (measured in gigabytes (“GB”)) in a billing cycle exceeds its plan, the overage is billed at $29.99 per GB. Gigabyte fractions are rounded up to the next whole number (i.e., 1.7 GB is rounded to 2.0 GB) for billing.

LIMITATION OF LIABILITY AND INDEMNIFICATION

AS DESCRIBED HEREIN, STAR2STAR's 911 EMERGENCY SERVICE CURRENTLY IS NOT THE SAME AS TRADITIONAL 911 OR e911 DIALING, AND AT THIS TIME, DOES NOT NECESSARILY INCLUDE ALL OF THE CAPABILITIES OF TRADITIONAL 911 DIALING. MOREOVER, STAR2STAR DOES NOT SUPPORT “TEXT-TO-911.” YOU ACKNOWLEDGE AND UNDERSTAND SUCH LIMITATIONS AND AGREE TO RELEASE, DEFEND, INDEMNIFY, AND HOLD HARMLESS STAR2STAR, ITS OFFICERS, DIRECTORS, EMPLOYEES, AFFILIATES AND AGENTS AND ANY OTHER OF ITS UNDERLYING PROVIDERS, SERVICE PROVIDERS OR OTHER THIRD PARTY PROVIDERS WHO FURNISH SERVICES TO YOU OR STAR2STAR IN CONNECTION WITH THE SERVICE, FROM ANY AND ALL LIABILITIES, CLAIMS, ACTIONS, LOSSES, DAMAGES, FINES, PENALTIES, COSTS AND EXPENSES (INCLUDING, WITHOUT LIMITATION, REASONABLE ATTORNEYS FEES) BY, OR ON BEHALF OF, YOU OR ANY THIRD PERSON OR PARTY OR USER OF THE SERVICE, INCLUDING BUT NOT LIMITED TO THE ABSENCE, FAILURE OR OUTAGE OF THE SERVICE, INCLUDING 911 EMERGENCY SERVICE AND/OR INABILITY OF YOU OR ANY THIRD PERSON OR PARTY OR USER OF THE SERVICE TO BE ABLE TO DIAL OR TEXT 911 OR TO ACCESS EMERGENCY SERVICE PERSONNEL AND/OR MISROUTES OF 911 CALLS, INCLUDING BUT NOT LIMITED TO MISROUTES RESULTING FROM YOUR PROVISION TO STAR2STAR OF INCORRECT ADDRESS INFORMATION IN CONNECTION THEREWITH. FURTHER, YOU HEREBY WAIVE ANY AND ALL SUCH CLAIMS OR CAUSES OF ACTION RESULTING FROM THE FOREGOING EVENTS OR CONDITIONS UNLESS IT IS PROVEN THAT THE ACT OR OMISSION PROXIMATELY CAUSING THE CLAIM, DAMAGE, OR LOSS CONSTITUTES WILLFUL MISCONDUCT OR GROSS NEGLIGENCE ON THE PART OF STAR2STAR.

YOU ACKNOWLEDGE AND AGREE THAT YOU ARE SOLELY RESPONSIBLE FOR THE CONTENT SENT OR TRANSMITTED BY YOU, PARTICIPANTS, AND/OR OTHER END-USERS, OR DISPLAYED OR UPLOADED BY YOU, PARTICIPANTS, AND/OR OTHER END-USERS WHILE USING STAR2STAR SERVICES. YOU REPRESENT AND WARRANT THAT YOU, PARTICIPANTS, AND/OR END-USERS HAVE THE RIGHT TO UPLOAD CONTENT USING STAR2STAR SERVICES AND THAT SUCH USE DOES NOT VIOLATE
OR INFRINGE ON ANY RIGHTS OF ANY THIRD PARTY. THIS REPRESENTATION INCLUDES BUT IS NOT LIMITED TO LAWS REQUIRING OBTAINMENT OF CONSENT OF A THIRD PARTY TO USE THEIR CONTENT AND TO PROVIDE APPROPRIATE NOTICES OF THIRD PARTY RIGHTS. STAR2STAR SHALL NOT BE LIABLE FOR VIOLATIONS. MOREOVER, UNDER NO CIRCUMSTANCES WILL STAR2STAR BE LIABLE IN ANY WAY FOR ANY:

1. CONTENT THAT IS TRANSMITTED OR VIEWED WHILE USING ANY STAR2STAR SERVICES;
2. ERRORS OR OMISSIONS IN THE CONTENT; OR
3. ANY LOSS OR DAMAGE OF ANY KIND, NATURE OR DESCRIPTION ALLEGED OR INCURRED AS A RESULT OF THE USE OF, ACCESS TO, OR DENIAL OF ACCESS TO CONTENT SENT OR TRANSMITTED USING STAR2STAR SERVICES.

EXCEPT FOR CONTENT PROVIDED BY STAR2STAR, STAR2STAR IS NOT RESPONSIBLE FOR ANY CONTENT. STAR2STAR OR ITS VENDORS MAY DELETE ANY CONTENT, AT ANY TIME WITHOUT NOTICE, IF THEY BECOME AWARE AND BELIEVE IN THEIR SOLE DISCRETION THAT THE CONTENT VIOLATES ANY PROVISION THE SUBSCRIPTION AGREEMENT, THESE TERMS AND CONDITIONS, THE RIGHTS OF OTHERS OR ANY LAW.

ALTERNATIVE 911 ARRANGEMENTS
YOU ACKNOWLEDGE THAT STAR2STAR DOES NOT OFFER PRIMARY LINE, LIFELINE, OR “TEXT-TO-911” SERVICES, AND THAT STAR2STAR STRONGLY RECOMMENDS THAT YOU ALWAYS HAVE AN ALTERNATIVE MEANS OF ACCESSING TRADITIONAL 911 SERVICES.

Star2Star does not offer or service silent alarms (sometimes referred to as SIP Call Buttons, panic buttons, etc.). If such line item(s) appear in a quote or invoice, they are from a third party provider. To the extent such devices are used in connection with Star2Star Services, all Terms and Conditions relating to 911 Emergency Service shall apply.

PRIVACY AND SECURITY
IP communications utilize, in whole or in part, the public Internet and third party networks to transmit voice and data communications. You acknowledge and understand that IP communications may not be private or secure. You acknowledge and agree that Star2Star Services may be monitored by Star2Star or its vendors, in each case subject to compliance with all applicable laws. Star2Star is not liable for any lack of privacy or security that you may experience with regard to the Star2Star Service. You are responsible for taking precautions and providing security that best suits your intended use of the service.

Star2Star is committed to your privacy. Star2Star will obey all laws and regulations of the United States of America applicable to its use and disclosure of your information. Except as set forth in the Privacy Policy and CPNI Disclosure, Star2Star will not trade, sell, or disclose to any third party any form of PII or CPNI (as defined therein) without your consent and will not disclose or make available any PII or CPNI to any third parties seeking to market third party products without your
consent. The Privacy Policy sets forth how Star2Star collects and uses information from customers who use Star2Star Services, from visitors to its website and portal and from potential customers who have communicated, made contact or interacted with Star2Star. All terms, provisions and agreements set forth in the Privacy Policy (except to the extent expressly modified herein) are hereby incorporated herein by reference with the same force and effect as though fully set forth herein.

If Subscriber process personal data of end users or other identifiable individuals in its use of Star2Star Services, Subscriber is responsible for providing legally adequate privacy notices and obtaining necessary consents for the processing of such data. Subscriber represents that it has provided all necessary privacy notices and obtained all necessary consents. Subscriber is responsible for processing such data in accordance with applicable laws.

**STAR2STAR SPAM POLICY**
Star2Star has zero tolerance for spam. Spam complaints will be dealt with seriously and can result in losing Star2Star privileges.

**LOSS OF SERVICE DUE TO POWER FAILURE OR INTERNET SERVICE OUTAGE OR TERMINATION OR SUSPENSION OR TERMINATION BY STAR2STAR**
You acknowledge and agree that Star2Star's services will not function in the event of power failure. You also acknowledge and agree that the service requires a fully functional broadband connection to the Internet (which may or may not be provided by Star2Star under your Subscription Agreement) and that, accordingly, in the event of an outage of, or termination of service with or by, your Internet Service Provider ("ISP") and/or broadband provider, the service will not function, but that you will continue to be billed for the service in accordance with these Terms and Conditions. Should there be an interruption in the power supply or Internet connection, the service will not function until power is restored or the Internet connection is re-established. A power failure or disruption may require you to reset or reconfigure your Star2Star Equipment prior to utilizing the service. Power disruptions or failures or ISP outages will also prevent use of the Star2Star Services from contacting emergency service numbers including the 911 Emergency Service. Should Star2Star suspend or terminate your service, the service will not function until such time as Star2Star restores your service (which shall require payment of all invoices and a reconnection fee in the amount of seventy-five dollars ($75.00) and cure of any breach by you of these Terms and Conditions).

**HOME SECURITY SYSTEMS AND OTHER NON-VOICE COMMUNICATIONS EQUIPMENT**
All non-voice communications equipment, including but not limited to, home security systems that are set up to make automatic phone calls and medical monitoring devices, may not be compatible, and fax machines and modems may not function, with Star2Star's services. By accepting these Terms and Conditions, you waive any claims against Star2Star for interference with or disruption of such systems due to the service.

**LOCAL NUMBER PORTABILITY**
In the event you are not utilizing a new phone number for your Star2Star Service, but rather are transferring an existing phone number, which currently is subscribed to a carrier other than
Star2Star for local, long distance and international telephone services, to Star2Star Service, the terms, and conditions of this paragraph shall apply:

1. You hereby authorize Star2Star to process your order for Star2Star Service and to notify your local telephone company of your decision to switch your local, local toll and long distance services to Star2Star Service, and represent that you are authorized to take this action;

2. You agree and acknowledge that if your OPE is enabled prior to the date that the number switch becomes effective ("Port Effective Date"), you may only be able to make outgoing calls over the phone you have connected to the OPE. In such event, you should keep another phone connected to an existing phone extension at your service location to receive incoming calls until the Port Effective Date, after which you will be able to both make and receive calls using the Star2Star Service;

3. You agree and acknowledge that if your OPE is not enabled as of the Port Effective Date, your existing phone service for the number you are transferring may be disconnected and you may have no service for that line. Therefore, to avoid an interruption in your phone service, it is extremely important that you make all arrangements to afford Star2Star the opportunity to enable the OPE prior to, or on, the Port Effective Date. An estimate of the Port Effective Date will be sent to you via email by Star2Star following your completion of the ordering process;

4. You agree and acknowledge that rescheduling, adding or canceling after a port request will incur an administrative fee of $50.00 for each individual location plus fees for each telephone number. Individual locations may need to be rescheduled if one or more of the individual telephone numbers need to be rescheduled, added, or canceled. Number porting for Subscribers with a single or multiple locations will be processed together as a complete project. Any changes to add or delete a number within the project require the complete cancellation of the project and resubmission as a new project. Rescheduling a single or multiple locations to a different date require projects cancellation and resubmission as a new project. In addition to the administrative fee, the Standard Cancellation Fee is $6.00 per telephone number and changes to 411 and Directory Listings and to Caller ID are $15.00 per telephone number. Additionally, expedited fees apply where Subscriber requests to shorten a timeframe to two-weeks or less. The Expedited Cancellation Fee is $75.00 per telephone number and the Expedited Porting Fee is $75.00 per port order. Expedites are not guaranteed and are subject to carriers’ response times and availability; and

5. You agree and acknowledge that a snapback/win back request, initiating the return of telephone number back to the previous carrier, has a fee of $306.00 per telephone number, in addition to the administrative fee.

NUMBER TRANSFER ON SERVICE TERMINATION
Star2Star or its providers may receive requests from other telephony providers (the "Requesting Party") acting as agents on your behalf to port a telephone number currently assigned to you to a third party provider ("Port-Out"). Star2Star will support all such requests and will cooperate with
the Requesting Party to perform any Port-Out in accordance with the Requesting Party's reasonable
directions and Star2Star's or its providers' standard operating procedures. Note that you will be
responsible for all monthly, usage and disconnect fees associated with the Service through the end
of your then-current subscription term, all of which immediately become due and payable.

Star2Star does not guarantee delivery, regardless of the reason, of any messages.

THEFT OF SERVICE
You agree to notify Star2Star immediately, via email to reportfraud@star2star.com or by phone at 941.234.0001 if the OPE is stolen or if you become aware at any time that your service is being stolen or fraudulently used. You must provide your account number and a detailed description of the circumstances of the OPE theft or fraudulent use of service. Failure to do so in a timely manner may result in the termination of your service (with your liability for all monthly, usage and disconnect fees associated with the Service through the end of your then-current subscription term, all of which immediately become due and payable.) Until such time as Star2Star receives notice of the theft or fraudulent use, you will be liable for all use of the service using an OPE stolen from you and any and all stolen service or fraudulent use of the service.

OWNERSHIP AND RISK OF LOSS
You shall be deemed the owner of the OPE, except for rented equipment, and bear all risk of loss of, theft of, casualty to or damage to the OPE, from the time it leaves Star2Star’s location until the time (if any) when it is returned by you pursuant to these Terms and Conditions and has been received by Star2Star. Risk of loss passes to you at the time of shipment. Title passes, except for rented equipment, to you at the time of shipment.

REASONABLE AND FAIR USE POLICY (UNLIMITED LONG DISTANCE)
Star2Star’s unlimited domestic Long Distance is to be used for live dialog between human beings (no machine to machine calling) for normal business purposes and excludes calls to other non-US state territories, for international calling, as found on sangoma.com/legal under the heading...
International Termination Rates - BV (unless subscribed to by Subscriber for an additional fee or based on the subscription tier on selected bundled packages). Unlimited Domestic Long Distance is assigned to one call path.

In addition to other prohibited uses, Star2Star’s unlimited domestic Long Distance may not be used for:

1. mass call-in/call-out lines such as automatic call distribution (“ACD”) systems, call centers, “hotlines,” “contest lines,” 900 numbers (which are always prohibited by Star2Star), political or fundraising campaigns, Subscriber support or inbound or outbound sales support applications;
2. auto-dialing or “predictive” dialing or other systems that use any method to automatically attempt to saturate call signaling or call paths;
3. spamming or blasting (e.g., simultaneously sending 20 or more bulk and/or junk voicemail or faxes); or
4. trunking or forwarding your Star2Star number to another phone number(s) or phone system capable of handling multiple simultaneous calls, or to a private branch exchange (PBX) or a key system.

Total use cannot exceed the lesser of (a) 100,000 minutes of Domestic Long Distance per month per Subscriber; (b) 3,000 minutes of domestic Long Distance per month per call path (or 1,000 minutes of domestic Long Distance per month for unlimited standard and unlimited courtesy extensions, as applicable); or (c) 300% of the use per call path per Subscriber compared to all other Star2Star subscribers’ domestic Long Distance usage, as measured over a rolling calendar quarter. Overages are charged at $0.046/per minute billed in six-second increments. These 3,000 minutes may also cover some specific international destinations based on the subscription tier on selected bundled packages.

Upon Subscriber’s failure to comply with the above restrictions, Star2Star reserves the right to suspend or terminate the Star2Star Services.

REASONABLE AND FAIR USE POLICY (STARMESSENGER® AND MESSAGING)

Star2Star and StarMessenger® support delivery of Messaging using ten-digit phone numbers, receipt of domestic and international SMS, and receipt of domestic MMS and, depending on edition and/or user bundle(s) to which subscribed, includes a number of outbound SMS, outbound MMS, and inbound MMS as per the “Reasonable and Fair Use Policy for StarMessenger and or Messaging” table on the Sangoma website.

Upon Subscriber’s failure to comply with the posted restrictions, Star2Star reserves the right to suspend or terminate the Star2Star Service. Star2Star will not immediately disrupt Service for what Star2Star, in its sole discretion, deems to be moderate fluctuations in monthly volume that exceed the number of included messaging type. Star2Star reserves the right to analyze usage on a rolling basis at any time. Such analysis will look at volume for the immediately prior three months. Monthly average usage above the amounts provided in this Fair Use Policy may result in a number of actions being taken by Star2Star, including but not limited to:

1. Requiring Subscriber to upgrade to a plan that includes more Messaging (if available);
2. Restricting Subscriber to the number of included messages by preventing sending/receiving messages for the remainder of the billing period once the limit of included messages has been reached; or

3. Suspending or terminating the StarMessenger® and/or Messaging Service.

PROHIBITED USES OF SERVICE
You are expressly prohibited from reselling or transferring the service or Star2Star Equipment to any other person for any purpose. In addition, you are expressly prohibited from using the Star2Star Services for auto-dialing from a database of numbers for telemarketing purposes without receiving advance written permission from the called parties, robo-dialing, continuous or extensive call forwarding, telemarketing, fax broadcasting or fax blasting, or for uses that result in excessive usage inconsistent with normal business usage patterns. Auto-dialing of calls to wireline numbers for informational purposes, debt collection calls, political campaigning, calls from health care providers, messages from charities, and market research, or polling is not a prohibited use of the Star2Star service.

If Star2Star determines, in its sole and absolute discretion, that you are reselling or transferring the service or that your service is being used for any of the Prohibited Uses, Star2Star reserves the right to immediately terminate the service without advance notice, leaving you responsible for all outstanding charges as well as all monthly, usage and disconnect fees associated with the service through the end of your then-current subscription term and to assess additional charges for each month in which excessive usage occurred, all of which immediately become due and payable.

---

2 Caller identity spoofing is when a caller deliberately falsifies the information transmitted to the recipient’s caller ID display to disguise their identity.
Additionally, You agree that You will not use, and will not permit any end-user to use, the Star2Star Services to:

1. Build or benchmark a competitive product or service, or copy any features, functions or graphics of the Star2Star Services;

4. Communicate any message or material that is harassing, defamatory, libelous, threatening, obscene, indecent, or does or would violate the intellectual property rights of any party or is otherwise unlawful, that would give rise to civil liability, or that constitutes or encourages conduct that could constitute a criminal offense. 5. Engage in any activity that is fraudulent, false, or misleading;
6. Upload or transmit any software, content or code that does or is intended to harm, disable, destroy, or adversely affect performance of the services in any way or which does or is intended to harm or extract information or data from other hardware, software or networks of Star2Star and/or other users;
7. Send unauthorized messages, advertising or spam, including unsolicited promotional or commercial content or other mass solicitation material;

Star2Star reserves the right to terminate your service immediately and without advance notice if Star2Star, in its sole and absolute discretion, concludes that you have violated the above restrictions, leaving you responsible for all outstanding charges as well as all monthly, usage and disconnect fees associated with the Service through the end of your then-current subscription term, all of which immediately become due and payable. You are liable for any and all use of the service and/or the OPE by yourself and by any person making use of the service or device provided to you and agree to indemnify and hold harmless Star2Star against any and all liability for any such use. If Star2Star, in its sole and absolute discretion, concludes that you have violated the above restrictions, Star2Star may forward the objectionable material, as well as your communications with Star2Star and your PII (personally identifiable information) to the appropriate authorities for investigation and prosecution and you hereby consent to such forwarding.

TAMPERING WITH THE OPE OR THE STAR2STAR SERVICES
The OPE will be configured for your exclusive use of the Star2Star Services on your chosen broadband connection. Unless expressly authorized to do so by Star2Star, you shall not tamper with the OPE, modify its configuration or try to directly access it in any way. You agree not to change the electronic serial number or equipment identifier of the device, or to perform a factory reset of the device, without express permission from Star2Star. Star2Star reserves the right to terminate your service should you tamper with the OPE, leaving you responsible for all outstanding charges as well as all monthly, usage and disconnect fees associated with the Service through the end of your then-current subscription term, all of which immediately become due and payable. You agree not to hack or disrupt the service or to make any use of the service that is inconsistent with its intended purpose or to attempt to do so.

CANCELLATION OF SERVICE
By you:

1. If you cancel your service before the end of your then-current subscription term, you will be charged for all outstanding charges as well as all monthly, usage and disconnect fees associated with the service through the end of your then-current subscription term, all of which immediately become due and payable;
2. Any service deposits held by Star2Star on your behalf will be refunded; and
3. Star2Star will charge your credit card for all remaining outstanding charges.

By Star2Star:

1. Star2Star reserves the right to discontinue its service, cancel your account, and/or block your access to the Star2Star network, without incurring any liability, immediately and without notice if Star2Star deems that such action is necessary to prevent or to protect against fraud or to otherwise protect Star2Star's personnel, agents, facilities, or services. Without limitation, Star2Star may take such actions if:
   a. You refuse to furnish information or furnish false information that (i) is essential for billing; or (ii) pertains to your creditworthiness, your past or current use of common carrier communications service, or your planned use of such service;
   b. You indicate that you will not comply with a request for security for the payment of services;
   c. Your service usage charges exceed established parameters based on your history of usage, which may indicate a likelihood of non-payment or possible fraud;
   d. You have been given notice by Star2Star of any past due amount (which remains unpaid, in whole or in part) for any of Star2Star's or an affiliated carrier's service to which you either subscribe or had subscribed or used;
   e. You either refuse to pay when billed for service or indicate to Star2Star or an entity billing on Star2Star's behalf that you do not intend to pay for service used by you;
   f. You use, or attempt to use, the service with the intent to avoid the payment, either in whole or in part, of the charges for the service by (i) using or attempting to use service by rearranging, tampering with, or making connections to the service in an unauthorized manner; or (ii) using tricks, schemes, false or invalid numbers, false credit devices, or other fraudulent means or devices;
   g. You act, or fail to act, in a manner that hinders or frustrates any investigation by Star2Star or others having the legal authority to investigate your legal obligations;
   h. You were previously provided with notice of breach of contract, took corrective action, but thereafter engage in the same breach activity;
   i. You act in a manner that is threatening, obscene, harassing, or abusive to Star2Star personnel; or

   a. Any invoice charges remain outstanding and owed by you after the 30th day from the date of the invoice notifying you of the charges; or
b. You fail to comply with a request by Star2Star for security for the payment for services.

3. Star2Star reserves the right to modify, substitute, wind-down, sunset, suspend, and/or discontinue temporarily or permanently ("End-of-Life") Star2Star Services and/or Star2Star Equipment from time to time at its sole discretion. You agree that Star2Star will not be liable to you or any third party for any End-of-Life action concerning Star2Star Services and/or Star2Star Equipment, although Star2Star may, in its sole discretion, provide you with a credit, refund, discount, or another form of consideration. Star2Star may provide you with advance notice of any End-of-Life change if reasonably practicable or otherwise promptly thereafter. Notice may be provided in any manner designed to provide information to you, including posted to Star2Star’s website, sent to you via email, or included as a message on your recurring invoice from Star2Star. Upon providing notification, You agree to reasonably work with Star2Star to facilitate End-of-Life modifications impacting your Star2Star Services and/or Star2Star Equipment. If you fail to comply with Star2Star’s reasonable End of Life requirements, Star2Star reserves the right to suspend or terminate your Star2Star Services.

4. In the event of the discontinuance of the service by Star2Star pursuant to these provisions, you will be charged for all outstanding charges as well as all monthly, usage and disconnect fees associated with the Service through the end of your then-current subscription term, all of which immediately become due and payable.

BILLING AND PAYMENT FOR THE STAR2STAR SERVICES

Star2Star's billing procedures provide for the delivery of monthly bills in electronic format and for payment by credit/debit card or by ACH transfer via Star2Star® Pay. Once your Star2Star account has been established, you will be sent an email activation code to Star2Star® Pay with a registration link. You can directly register and establish your electronic wallet to pay by credit/debit card or by ACH and establish an AutoPay Authorization for automatic payment of invoices. You will register under your Parent Customer ID and have access to all locations under your Agreement, if applicable. Electronic payers that do not establish an AutoPay Authorization will be charged an Invoice Processing and Payment Fee of $19.99 on their monthly invoice.

In the event you desire to receive monthly invoices from Star2Star by mail or remit payment by check, instead of credit/debit card or ACH transfer via Star2Star® Pay, Star2Star will add a $19.99 Invoice Processing and Payment Fee to your monthly invoice. Check payers are also requested to register on Star2Star® Pay to access their billing and payment history. If You elect to remit payment by phone, a separate $19.99 per payment administrative fee will be added at the time payment is made. Any such pay-by-phone administrative fee is in addition to any Invoice Processing and Payment Fee discussed herein.

Star2Star's invoices will reflect the following charges depending on your Subscription Agreement and actual usage:
1. a monthly service fee for your Star2Star Services;
2. usage in excess of the included and any pre-purchased number of minutes (local and domestic long distance) as allocated by your plan per month, charged at $0.046 per minute billed in six-second increments (including any minutes used in connection with StarFax®);
3. line demand in excess of your allocated number of lines ("Line-burst") charged at $0.25 per minute (including StarFax™ usage) rounded up;
4. inbound toll-free service in excess of the pre-purchased number of minutes, if any, charged at $0.03 per minute billed in sixty-second increments (including StarFax™ usage), rounded up;
5. Fax usage will be billed or included based on selected user bundle.
6. 411 calls and other ELS calls charged on a per minute usage basis at then-current rates (including StarFax® usage);
7. charges for all other services subscribed to and provided for in the Subscriber Agreement or actually used at any time during the billing cycle at the then current rate(s), such as toll-free numbers, out of area numbers, additional DID (direct inward dial) usage, and unpublished numbers, etc.;
8. any shipping or handling charges; and
9. all applicable Taxes and Fees.

You may incur charges or be required to order a different type of service plan if you change your phone number after your Star2Star Service has been activated.

For purposes of determining charges on your invoice, a local call is defined as any call made inbound or outbound that is within 40 miles of the central office of the primary phone number of the Star2Star location as determined by Vertical and Horizontal (V&H) Coordinates. A long distance call is defined as an outbound call to a phone number located within a central office that is greater than 40 miles from the central office of the primary phone number of the Star2Star location, as determined by Vertical and Horizontal (V&H) Coordinates. An out-of-area phone number is defined as a phone number located within a central office that is greater than 40 miles from the central office of the primary phone number of the Star2Star location, as determined by Vertical and Horizontal (V&H) Coordinates.

Star2Star will bill all charges, applicable taxes and surcharges monthly in advance (except for usage-based charges, which will be billed monthly in arrears, and any other charges which Star2Star decides to bill in arrears) to your credit card, including but not limited to: activation fees, monthly service fees, international usage charges, 411 and ELS charges, advanced feature charges, equipment purchases, disconnect fees and shipping and handling charges. Star2Star reserves the right to bill at more frequent intervals if the amount due at any time exceeds $50.00. Any usage charges will be billed in increments that may be rounded up to the nearest minute except as otherwise set forth in the rate schedules found on Star2Star's website.

Star2Star shall have the sole discretion and flexibility to apply any payments or other money received from a subscriber against any invoices or other amounts due and owing to Star2Star or any of its affiliated entities by that subscriber.

**COMMENCEMENT OF BILLING**
Monthly billing commences upon applicable services being Enabled and Available for use at a location.

1. **Voice Services and/or Messaging.** Once your services are provisioned, installed, and functioning (able to make outgoing calls or send Messages or receive incoming calls or Messages on a temporary or new DID, or actual Subscriber ported TN) at the applicable location, Star2Star will begin monthly billing for the services (we refer to this as "Enabled and Available" for use).

2. **SD-WAN Service.** For new locations, Star2Star will begin monthly billing for SD-WAN services the earlier of: (1) thirty (30) days after the date the Star2Star SD-WAN equipment is shipped to a Subscriber’s location; or (2) the date the services are Enabled and Available.

3. **4G LTE Failover Service.** For new locations, Star2Star will begin monthly billing for 4G failover services the earlier of: (1) thirty (30) days after the date the 4G Hardware is shipped to a Subscriber’s location; or (2) the date the services are Enabled and Available.

4. **Connected Workspace.** For all Connected Workspace users, billing will begin immediately upon provisioning of each user as reflected in the Connected Workspace Portal. Such billing shall not be prorated for any partial billing periods. Connected Workspace provisioning shall not count towards the date a location is Enabled and Available for use unless the applicable quote or order is for Connected Workspace services only (i.e., no other Star2Star Services such as Voice Services are included in the quote or order; only Connected Workspace services are quoted/ordered), in which case the Enabled and Available for use date is determined by the date the first Connected Workspace user is provisioned as evidenced in the Connected Workspace Portal. For quotes or orders that include additional Star2Star Services (i.e., Voice Services, etc.), Connected Workspace shall not apply for an Enabled and Available for use date.

5. **Other Services.** For all Other Services (as defined below), billing will begin immediately upon provisioning of the first user or activation of the first license. Such billing shall not be prorated for any partial billing periods. Provisioning of Other Services shall not count towards the date a location is Enabled and Available for use unless the applicable quote or order is for Other Services only (i.e., no Star2Star Services, such as Voice Services, are included in the quote or order; only Other Services are quoted/ordered), in which case the Enabled and Available for use date is determined by the date the first user is provisioned or first license activated. For quotes or orders that also include Star2Star Services (i.e., Voice Services, etc.), Other Services shall not apply for an Enabled and Available for use date.

For purposes of these Terms and Conditions, “Other Services” includes: Sangoma Meet and SmartOffice.

For Subscription Agreements with an Effective Date of December 3, 2021 or later, locations (including Additional Locations) will be deemed Enabled and Available for use at the earlier of
sixty (60) days\(^3\) after the Effective Date (or the date of accepting the Additional Location Order) or as described above in this section.

**ACCORD AND SATISFACTION**
No payment by you or receipt by Star2Star of an amount less than the invoiced amount shall be deemed to be other than on account. No endorsement or statement on any check, or in any letter accompanying any check or payment shall be deemed an accord and satisfaction, and Star2Star may accept such check or payment without prejudice to Star2Star's right to recover the balance due or pursue any other remedy provided in these Terms and Conditions.

**PRICE CHANGES AND OTHER MODIFICATIONS**
Notwithstanding any terms to the contrary in any Star2Star materials, Star2Star may change the prices and charges for Star2Star Services and/or international calling and/or 411 and ELS services from time to time. We may decrease prices without providing advance notice. Increases to the prices or charges for the service and/or other charges are effective no sooner than fifteen days after we post them on our website. Increases to the Administrative and Regulatory Recovery Fee, which is associated with our costs relating to government programs, federally or state-imposed regulations, regulatory compliance, or similar requirements applicable to Star2Star, among other things, are effective no sooner than three (3) days after we post the increases on our website.

If you choose to add additional Star2Star Services or equipment after the commencement date of your first location, all additional Star2Star Services and equipment must be purchased through Star2Star. If such equipment is not purchased through Star2Star, you understand that Star2Star may refuse to add this equipment to your agreement.

**“PROMOTIONAL” MONTHS; DEFERRED PAYMENTS.** Star2Star, from time to time, may offer Subscribers promotions and/or special payment plans (“Promotional Months”) under which the payment of Subscribers’ monthly recurring charges are deferred for one or more months, as determined in Star2Star’s sole discretion. In exchange for the Promotional Months, Subscribers agree to extend the Term of their Subscription Agreements by the number of Promotional Months provided by Star2Star. For example, if two Promotional Months are offered, Subscriber’s operative Term will extend by two months.

**CHARGES AND BILLING**
Charges accrue through a full billing period. To determine the charge for each international call, we may round up to the next full minute for any fraction of minutes used. We will determine the format of the bill and the billing period, and we may change both the bill format and the billing period from time to time.

**STORAGE OF RECORDED CALLS & IVR FILTER CONTENT**
For those Subscribers that have licensed Star2Star’s StarCenter® and/or Sangoma CX and purchased call recording, Star2Star stores those calls you choose to record. Except when subscribing to Star2Star’s unlimited call recording feature, each call agent license includes 17 GB of cumulative storage with the storage pooled among all licensed agents of Subscriber. Star2Star

\(^3\) In the event the sixtieth day falls on a non-Business Day, the Enabled and Available for Use date shall be the next Business Day.
samples the cumulative storage usage once per day for each StarCenter® and/or Sangoma CX Subscriber and the daily average over the monthly billing cycle determines the total cumulative storage used for that billing cycle. If the daily average exceeds the total number of pooled GBs in any billing cycle, an overage charge of $0.25 per GB (rounded up to the next GB) will apply for that billing cycle and will be invoiced in arrears to Subscriber. Subscriber’s system administrator can delete or download calls stored by Star2Star to Subscriber’s system at no charge and without assistance from Star2Star. Please see the StarCenter® and/or Sangoma CX Configuration Guide for information on deleting or downloading those calls being stored by Star2Star.

For those Subscribers that have licensed Star2Star’s StarCenter® and/or Sangoma CX and purchased IVR Builder, Star2Star stores the content provided therefrom for up to three (3) days. Please see the StarCenter® and/or Sangoma CX Configuration Guide for information on deleting or downloading IVR Builder related content being stored by Star2Star.

Star2Star will continue to store Subscriber’s above-referenced call recordings for fourteen (14) days following the cancellation of Subscriber’s Agreement and/or call recording election. If Subscriber requests Star2Star to maintain call recordings for a longer amount of time, it must inform Star2Star in writing within the fourteen (14) day period and Star2Star will specify if and how such recordings will be maintained and the associated charges.

Star2Star will continue to store Subscriber IVR Builder-related content for up to three (3) days following the cancellation of Subscriber’s Agreement and/or IVR Filter election.

Star2Star shall not be liable to Subscriber or any third party for damages arising out of or in any way related to loss of data or recordings.

**FAILURE TO PAY**

Upon advance notice, we may suspend, restrict, or cancel the service, if you do not make payments for current or prior bills by the required due date. Service suspension or cancellation may result in your loss of the number associated with the service if amounts due are not paid and ported out.

The failure of Star2Star to require or enforce strict performance by you or any provision of the Subscription Agreement or to exercise any right under the Subscription Agreement shall not be construed as a waiver or relinquishment of Star2Star’s right to assert or rely upon any such provision or right in that or any other instance. Star2Star may choose to enforce certain portions of the Subscription Agreement more strictly against certain subscribers than it does against subscribers in general, and such disparate treatment shall not be a defense to any action brought by Star2Star to enforce the terms of or exercise any right under the Subscriber Agreement.

**LATE PAYMENT CHARGE & BILLING DISPUTES**

Acceptance of late or partial payments (even if marked "Paid in Full" or with other restrictions) shall not waive any of our rights to collect the full amount of your charges for the service. You must notify Star2Star in writing within seven days after receiving your credit card statement if you dispute any Star2Star charges on that statement or such dispute will be deemed waived. Billing disputes should be directed to Star2Star via email at billing@star2star.com.
You agree to reimburse us for reasonable attorneys' fees and any other costs associated with collecting delinquent or dishonored payments. If charges cannot be processed through your credit card, we will charge you an additional $25.00. If the state law where you receive the service requires a different fee, we will charge you that amount.

TAXES AND FEES
You are responsible for, and shall pay, any applicable federal, state, municipal, local or other governmental sales, use, excise, value-added, personal property, public utility or other taxes, fees or charges now in force or enacted in the future, that arise from or as a result of your subscription or use or payment for Star2Star Services or the Star2Star Equipment. Such taxes, fees and/or charges, may include but not be limited to, federal and state Universal Service Fund Fees, and other federal, state or local mandated taxes, fees and surcharges based on jurisdiction, for example, use, excise and e911 charges, as well as any compliance and/or Administrative and Regulatory Recovery Fee. Tax exemption will only apply from and after the date, Star2Star receives such certificate.

Subscriber shall reimburse Star2Star an amount equal to the cost paid plus a 10% administrative fee.

CREDIT ALLOWANCES FOR INTERRUPTION OF STAR2STAR VOICE SERVICE
Star2Star guarantees 99.999% network reliability for voice services as outlined in this section. Subscriber’s exclusive remedy under this guarantee is that Star2Star shall provide a 200% credit to Subscriber’s account for the duration of any outage if the cause of a voice service interruption is traced to Star2Star’s network; more than fifteen percent (15%) of Subscriber's phones are affected by the interruption; and the interruption exceeds 26 seconds duration (less than 99.999% monthly uptime). The credit shall be calculated by dividing the duration of the outage in seconds (less 26 seconds) by the total seconds in the month times the total fixed recurring service charge (exclusive of equipment, maintenance, Taxes and Fees) times two. Subscribers may request credit for outages by emailing support@star2star.com, by dialing *2* (Star2Star as spelled out on your Star2Star phone by dialing the * and 2 keys) or calling 844-302-STAR (7827). Credit must be requested within seven (7) days of the applicable outage to be eligible. The credit shall be applied to the next billing cycle invoice.

Please be aware that SD-WAN service, 4G LTE Failover, Video Meetings, Connected Workspace, Chat Messaging, Messaging, and softphone applications are not considered part of the Star2Star voice services network and therefore are not covered by this network reliability guarantee.

CREDIT ALLOWANCES FOR INTERRUPTION OF SD-WAN SERVICE
Star2Star guarantees 99.999% network availability for SD-WAN service as outlined in this section.
99.999% availability guarantee for SD-WAN services shall apply where the following requirements are met:

1. SD-WAN hardware is powered by an uninterruptible power supply and kept in a climate controlled location appropriate for computer equipment;

2. The SD-WAN location has a minimum of three (3) internet ISP circuits from three (3) different internet providers delivered on three (3) different physical WAN mediums connected to the software. All three (3) internet circuits must be operational and free of persistent alarms within preceding 24 hours before any outage;

3. Subscriber proactively monitors and troubleshoots any issues with the internet circuits to resolve any persistent alarms; and

4. The Subscriber’s SD-WAN service is deployed with either (i) high availability or (ii) warm-standby option at the location.

The SD-WAN service availability guarantee includes connectivity across Subscriber’s underlying internet circuits at location. “Availability” means:

1. Star2Star’s datacenter based gateway clusters are operational so the Subscriber hardware running the SD-WAN software can connect;

2. Subscriber hardware running the SD-WAN is operational; and

3. Subscriber hardware running the SD-WAN software is remotely reachable through the SD-WAN service and is capable of passing Subscriber traffic.

Subscriber’s exclusive remedy for any Star2Star caused SD-WAN outage is repair of service and credit for the outage period. Star2Star shall provide a 200% credit to Subscriber’s account for the duration of the outage. Star2Star will not incur any liability to Subscriber for outages beyond Star2Star’s reasonable control, including, but not limited to: disruption of issues on Subscriber’s local network, issues with Subscriber’s non-Star2Star provided internet connections, issues caused by Subscriber provided hardware or software, disruptions of power, erroneous configuration changes made by Subscriber, Force Majeure Events, or other non-compliance with other provisions of these Terms and Conditions. Subscribers may request credit for outages by emailing support@star2star.com, by dialing *2* (Star2Star as spelled out on your Star2Star phone by dialing the * and 2 keys) or calling 844-302-STAR (7827). Credit must be requested within seven (7) days of the applicable outage to be eligible.

The credit shall be calculated by dividing the duration of the eligible outage in seconds (less 26 seconds) by the total seconds in the month times the total applicable fixed recurring service charge (exclusive of equipment, maintenance, Taxes and Fees) times two. Each of Subscriber’s locations may be eligible for multiple credits in a month, however the sum of all monthly credits is not to
exceed 100% of the monthly fixed charge of the applicable service. The credit shall be applied to
the next billing cycle invoice.

Please be aware that Star2Star and its vendors are continually upgrading and maintaining the SD-
WAN network to ensure optimal performance. Maintenance is done with consideration of the
potential impact to Subscribers. Periods of lost connectivity during planned maintenance for which
notice is given are not eligible for credit as outlined above.

CREDIT ALLOWANCES FOR INTERRUPTION OF CONNECTED WORKSPACE

Star2Star guarantees 99.99% service availability for Connected Workspace service as outlined in
this section. The 99.99% availability guarantee for Connected Workspace services shall apply
where the following requirements are met:

   resolve any persistent alarms;

2. Subscriber proactively monitors and troubleshoots any issues with the local area network
to resolve any connectivity issues impacting the local computer;

3. All of Subscriber’s hardware peripherals, including but not limited to printers, scanners
   (document, bar code, etc.), USB hubs, and industry unique peripherals (CAD Boards, etc.)
   are identified as being supported here;

4. Microsoft® Azure services are available and not offline or in an outage status; and

5. Citrix® Cloud services are available and not offline or in an outage status.

The Connected Workspace service availability guarantee includes connectivity across
Subscriber’s underlying internet circuits at the affected location. “Availability” means:

1. Star2Star’s datacenter based gateway clusters are operational so the Subscriber hardware
   running the SD-WAN software can connect;

2. Star2Star’s DNS services are available allowing Subscriber end-users using DNS to resolve
   https://star2star.cloud.com;

3. Subscriber’s end-users, when using an authorized user account with the appropriate
   credentials, can authenticate to star2star.cloud.com; and

4. Subscriber’s end-users are presented with a desktop or application and upon clicking said
desktop or application Star2Star’s systems connect the user to that remote computing
resource.

Connected Workspace service does not include support for “thin” or “zero” clients; no availability
guarantee applies when such devices are used.
Subscriber’s exclusive remedy for any Star2Star caused Connected Workspace outage is repair of service and/or credit for the outage period. Star2Star shall provide a 100% credit to Subscriber’s account for the duration of the outage. Star2Star will not incur any liability to Subscriber for outages beyond Star2Star’s reasonable control, including, but not limited to: disruption of issues on Subscriber’s local network, issues with Subscriber’s non-Star2Star provided internet connections, issues caused by Subscriber provided hardware or software, disruptions of power, erroneous configuration changes made by Subscriber, erroneous configuration changes made by upstream providers used by Star2Star to provide the service, Force Majeure Events, or other non-compliance with other provisions of these Terms and Conditions. Subscribers may request credit for outages by emailing support@star2star.com, by dialing *2* (Star2Star as spelled out on your Star2Star phone by dialing the * and 2 keys) or calling 844-302-STAR (7827). Credit must be requested within seven (7) days of the applicable outage to be eligible.

The credit shall be calculated by dividing the duration of the eligible outage in seconds (less 4.38 minutes) by the total seconds in the month times the total applicable fixed recurring service charge (exclusive of equipment, maintenance, Taxes and Fees). Each of Subscriber’s locations may be eligible for multiple credits in a month, however the sum of all monthly credits is not to exceed 100% of the monthly fixed charge of the applicable service. The credit shall be applied to the next billing cycle invoice.

Please be aware that Star2Star and its vendors are continually upgrading and maintaining the Connected Workspace service to ensure optimal performance. Maintenance is done with consideration of the potential impact to Subscribers. Periods of lost connectivity during planned maintenance for which notice is given are not eligible for credit as outlined above.

CONSUMER PRICE INDEX ESCALATION
Upon each anniversary of the Commencement Date, Star2Star shall review the change in the Consumer Price Index (CPI-U, U.S. city average, all items, 1982-1984=100) (the “Index”) as published by the U.S. Bureau of Labor Statistics, over the prior twelve (12) months (or such period as close as possible given the dates on which the CPI-U is published).

Such review shall be made by subtracting the Index in effect as of the previous anniversary date (or commencement date when such review is made at the first anniversary) (“Base CPI”), from the Index published as close to the anniversary date (“Current CPI”) as possible. The resulting difference is then divided by the Base CPI. If the quotient (the “Factor”) is .03 or greater, then Star2Star shall have the right to adjust going forward all Star2Star recurring charges as of the anniversary date by multiplying the recurring charges by the “Index Ratio” which is equal to the Factor plus one (1).

If the Factor is .03 or greater in any year, all subsequent increases to the Index as of the anniversary date, regardless of amount, shall be used to determine the “Adjusted Factor.” Star2Star shall have the right to adjust going forward all Star2Star recurring charges as of each anniversary date by multiplying the original recurring charges (as determined prior to any adjustment under this provision) by the “Adjusted Index Ratio,” which is equal to the Adjusted Factor plus one (1). The
The determination of the Factor, Adjusted Factor, and related Index Ratios is represented by the following formulas:

\[ F = \frac{A - B}{B} \quad AF = \left( \frac{A - B}{B} \right) + F \quad IR = F + 1 \quad AIR = AF + 1 \]

Where:

A = Current CPI  \quad F = Factor  \quad IR = Index Ratio
B = Base CPI  \quad AF = Adjusted Factor  \quad AIR = Adjusted Index Ratio

**Example 1:** Base CPI is 215.693 and the Current CPI is 217.965. The Factor is .011. Since the Factor is less than .03, no adjustment is made to the recurring charges.

**Example 2:** Base CPI is 217.965 and the Current CPI is 225.722. The Factor is .036. Given that the Factor exceeds .03, the original recurring charges are multiplied by the Index Ratio of 1.036 to determine the new recurring charges going forward.

**Example 3:** Same facts as Example 2 but on the next anniversary the Current CPI is 229.478. The Adjusted Factor becomes .052 \([(229.478 - 225.722) / 225.722] + .036\) and the original recurring charges are multiplied by the Adjusted Index Ratio of 1.052 to determine the new recurring charges going forward.

No adjustment shall be made to the recurring charges until the Index has increased by 3% or more between anniversary dates. Star2Star reserves the right to adjust all non-recurring charges using the same calculations.

In the event that the Index is unavailable as of the anniversary date, you are to continue to timely pay all Star2Star recurring charges until the Index is available. Once available, the calculation shall occur to determine if the Star2Star recurring charges are subject to escalation in accordance with this section. If there is an escalation, you agree to make a retroactive payment to Star2Star equal to the difference between

1. the escalated Star2Star recurring charges due from the anniversary date until the date such increase was finally computed; and
2. the Star2Star recurring charges actually paid by you from the anniversary date until the date such increase was finally computed.

No subsequent adjustments or re-computations, retroactive or otherwise, shall be made due to any revision that may later be made to the first published figure of the Index for any month.

In no event shall the Star2Star recurring charges decrease as a result of a change in the Index.

Any delay or failure of Star2Star in computing or billing you for an escalation in the Star2Star recurring charges as permitted by this section shall not constitute a waiver of or in any way impair your obligation to pay any portion of the escalation.

Your obligation to pay escalated Star2Star recurring charges shall continue and shall cover all periods up to the last date of the Subscription Agreement, through expiration or termination.
In the event the Index ceases to use 1982-84=100 as the basis of calculation, or if, in Star2Star's sole judgment, a substantial change is made in the method used by the federal government to determine the Index or the items used to calculate the Index, then the Index shall be converted (the "Conversion") to the figure that would have been calculated (or as close to such figure as shall be practical) had the manner of calculating the Index in effect as of the date of the Subscription Agreement not been altered. As used herein, it shall be deemed a “substantial change” in the manner in which the Index is calculated if the federal government adjusts the method in which the Consumer Price Index is determined in an attempt to more accurately reflect changes in the cost-of-living.

If in Star2Star's sole judgment, the Conversion is impossible or impractical, then the revised Index shall be deemed to replace the original Index for purposes of the Subscription Agreement.

COLD AND DEACTIVATED EQUIPMENT

"Cold Equipment" means any StarBox® or other equipment that is purchased by a Subscriber or a channel partner from Star2Star and is not scheduled to be activated on the StarSystem® at the time of purchase.

"Deactivated Equipment" means any StarBox® or other equipment purchased from Star2Star that was previously active on a Subscriber’s StarSystem® but has since been deactivated in accordance with these Terms and Conditions.

For activation of any item of Cold Equipment, the purchaser must contact Star2Star for an activation quote, which includes installation and maintenance fees payable in connection with the activation, except in the case of an Instant RMA (as defined below). Once the quote has been accepted the Cold Equipment will be activated, at which time it shall accrue recurring maintenance charges according to the activation quote. Once activated, equipment returned to a purchaser’s inventory (and subsequently deactivated) will continue to be subject to recurring maintenance charges.

If a Subscriber wishes to deactivate any Covered Component purchased from Star2Star, it must notify Star2Star of same at least five (5) Business Days prior to deactivation. Upon receipt of the notice, Star2Star will produce a quote to deactivate the Covered Component that reflects recurring maintenance charges for the Deactivated Equipment. The minimum charge associated with Deactivated Equipment will be a one-month maintenance charge, regardless of how long the equipment is actually deactivated. If Subscriber intends to reactivate Deactivated Equipment in the future, it must pay Star2Star such recurring maintenance charges to maintain the right to a replacement from Star2Star in the event of a subsequent failure. Star2Star will not reactivate any Deactivated Equipment for which it has not received full and timely recurring maintenance payments.

If any item of Cold Equipment or Deactivated Equipment is used to replace any Covered Component that is the subject of an RMA request, subject to the other replacement conditions contained in these Terms and Conditions, Star2Star will provide activation for the Cold or Deactivated Equipment. Star2Star will also provide a replacement for the non-functional Covered Component that is of the same or comparable model and functionality as the original item.
Any owner of Cold Equipment or Deactivated Equipment may use Cold or Deactivated Equipment to temporarily replace non-functioning equipment (an “Instant RMA”) that is the subject of an RMA request. If Cold or Deactivated Equipment is temporarily used Star2Star will not invoice for any installation charges or any additional maintenance charges beyond those that are already payable for the non-functioning equipment. However, if the owner of such temporary equipment wishes to deactivate, and take it back into its inventory, it must pay recurring maintenance charges from the date of deactivation and must request a deactivation quote from Star2Star describing those charges.

In the event that any Cold Equipment or Deactivated Equipment is activated as a result of an Instant RMA, Star2Star will ship the replacement equipment directly to the owner of the defective Covered Component. If the RMA is for a Subscriber and the temporary equipment is not from Subscriber’s own inventory, it shall be the responsibility of the party providing the temporary equipment to retrieve it from the Subscriber. If the owner of the Cold Equipment or Deactivated Equipment desires to take that equipment, or the replacement equipment, back into its inventory, it must contact Star2Star to request same.

A Subscriber may deactivate Covered Component and place it in its own inventory at any time in compliance with these Terms and Conditions. Also, upon the expiration of any Subscriber Agreement with Star2Star, ownership of Cold Equipment and Deactivated Equipment may be transferred from a Subscriber to a Star2Star channel partner in good standing with Star2Star. However, Star2Star will not activate any equipment that was transferred by a Subscriber that was in default of any term of its Subscriber Agreement at the time of transfer, including payment of all amounts owed to Star2Star. Any party may cure the default of a Subscriber.

Ordering or activation of Cold Equipment will not affect the duration of any existing agreement with Star2Star and any existing agreement will continue to operate on its own terms upon the ordering or activation of Cold Equipment.

**RMA PROCESS**
Replacement orders will be shipped the same Business Day when the order is received by Star2Star before 3:00 P.M. Eastern Time, for next Business Day delivery to destinations in the continental United States (Alaska, Hawaii, Puerto Rico and Canada may require additional time). Replacement orders received after 3:00 P.M. will be processed on Star2Star’s next Business Day.

If a piece of Covered Equipment is inoperable, Subscriber is to first contact its authorized Star2Star reseller for an immediate replacement from its stock (if available) or to authorize replacement as stated above.
